

Medical

Suppliers of Marine Pharmaceuticals and Medical Equipment Worldwide

Hutton's Medical is the leading specialist in providing medical solutions to both the shipping and offshore industries. Our dedicated team can work with you to ensure full compliance with your flag states' latest legal requirements.

Our complete range of products and services includes:

- Suppliers of the full range of marine pharmaceutical and medical equipment worldwide. All our medicines are supplied in English to comply with current maritime legislation
- Inspection maintenance and certification of medical lockers to all international and local legal requirements
- Consultants recognised by the UK Maritime Coastguard Agency and fully conversant with all flag state requirements including W.H.O and S.O.L.A.S.
- Employees at Hutton's Medical are fully conversant with the latest marine medical legislation and can provide an inspection, stock replenishment and certification service of a ship's medical chest anywhere in the world to ensure that customers' legal requirements are always maintained
- Our services are available 24hrs a day, seven days a week to ensure your personnel's well-being and your compliance with the latest regulations worldwide
