

Who we are

Hutton's: The Premier Supplier to The Shipping Industry

Hutton's is the UK's premier specialist marine supplier, offering a wide range of products and services to the international shipping and offshore industries.

With a history dating back almost 200 years, Hutton's ensures the highest standards are provided to customers from its branch network covering all UK ports.

Customer satisfaction is at the forefront of Hutton's values. This is maintained by high levels of:

Quality: Exceptional quality standards ensure that all goods are provided "fit for purpose" and supplied via a fleet of modern climate controlled vehicles

Reliability: The UK's largest branch network ensures that most of the UK's ports are no more than two hours from our depot

Value: Purchasing power, efficient order handling systems and product quality ensures that Hutton's provides long term cost-effective solutions

Service: Highly trained and experienced staff with positive customer care attitude ensures that your requirements are handled with the utmost care and urgency. The Hutton's team is always on call 24/7 to deal with your requirements
